Conférium Conferences. Events. Service - 425, boulevard René-Lévesque Ouest - Québec QC G1S 1S2

The CHC is a biennial conference hosted by the CHA alternating with the Hydrographic Society of America's (THSOA) US Hydrographic Conference. These two events are the premier Hydrographic conferences in North America.

Join us for many potential learning opportunities in our technical programs, informative vendor displays, and topical keynote speakers. It will prove to be a great networking opportunity with fellow participants and potential customers through new and existing connections.

Conference Location

Centre des congrès de Québec
1000, boulevard René-Lévesque Est
Québec (Québec) G1R 5T8
Canada
